KÜHLER H_2O 1250

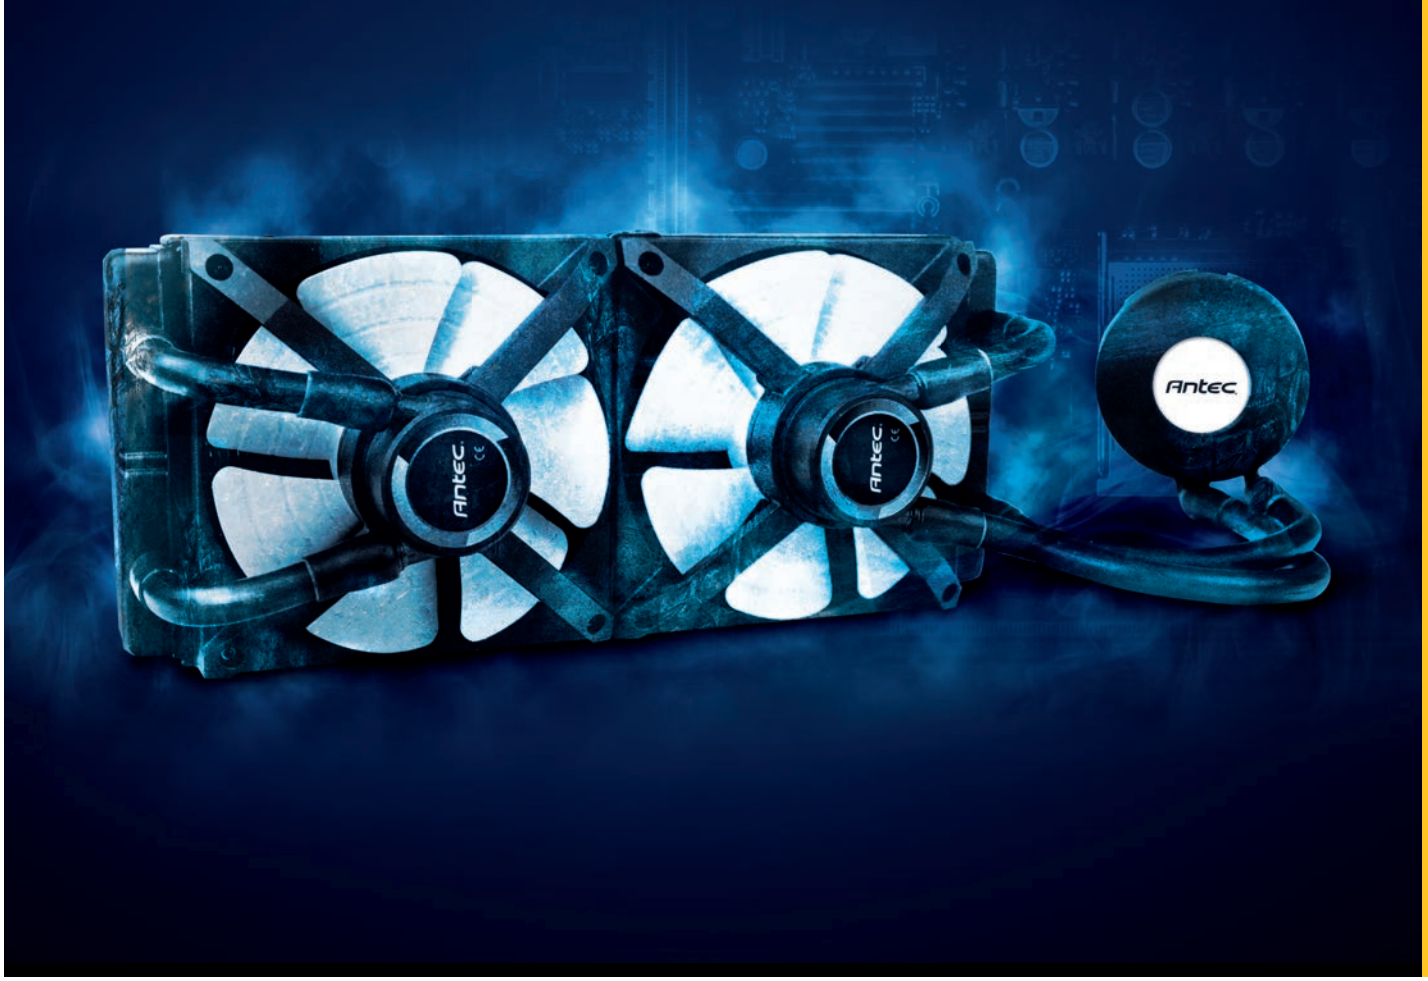
KÜHLER H_2O SERIES

ACCESSORIES

Next Generation Maximum Performance Liquid CPU Cooling System

Quick Install | Zero-Maintenance | PWM Controlled™

The Antec KÜHLER H_2O 1250 provides maximum-performance liquid cooling for your CPU and delivers best-in-class performance in a quick, easy-to-install package. Unlike traditional liquid cooling systems, this self-contained unit comes prefilled and requires no maintenance. Two 120 mm voltage-controlled (PWM) fans and dual extra large pumps ensure quiet, efficient cooling, while the 240 mm radiator maximizes cooling surface area to dissipate heat from the highest performance CPUs on the market. Lastly, the included Antec Grid™ software helps you monitor and control the Antec KÜHLER H_2O 1250's performance and allows you to customize its stylish RGB LED. Designed to unlock the maximum potential of your CPU, the Antec KÜHLER H_2O 1250 delivers exceptional cooling when you need it the most.



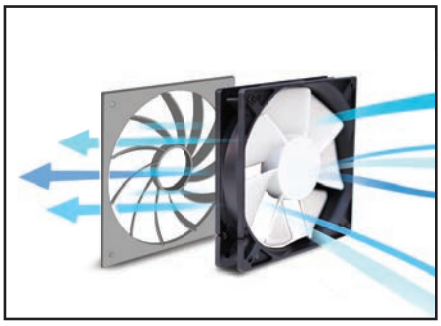
KÜHLER H_2O 1250

KÜHLER H_2O SERIES

ACCESSORIES

Copper cold plate is optimized for thermal conduction

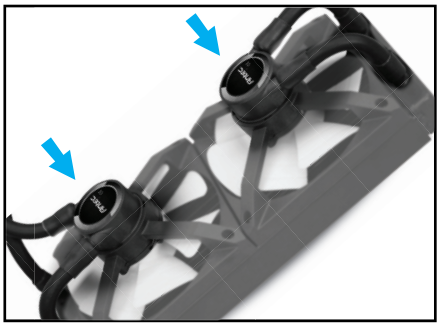
Extra large pump and integrated fan were engineered to cool the radiator efficiently



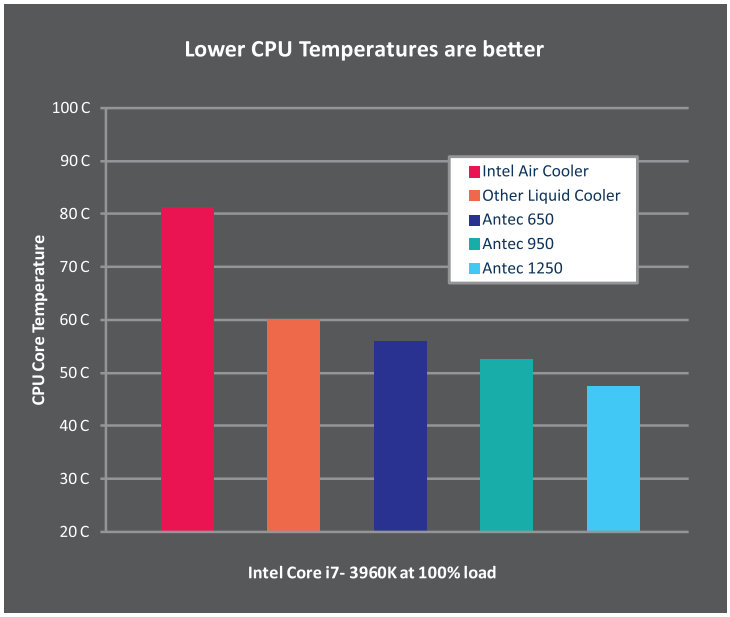
Two Integrated PWM fans automatically adjust fan speed based on temperature. Built-in directional blades focus airflow through the radiator

RGB LED illuminates your case and changes color to indicate CPU temperature

Included software provides essential tools to control and monitor the KÜHLER H_2O 1250



Dual pump operation for maximum performance



Fan Speed	600 – 2400 RPM
Radiator Dimensions	280 mm x 120 mm x 27mm / 11.0" x 4.7" x 1.1"
Fan Dimensions (2 total)	120 mm x 25 mm / 4.7" x 1.0"
Cold Plate + Pump Height	1.0" / 26 mm
Tubing Length	11.8" / 300 mm
Cooling Liquid	Safe, environmentally-friendly, anti-corrosive
Net Weight	2.9 lbs / 1.3 kg
CPU Socket Compatibility	Intel LGA 775, 1150, 1155, 1156, 1366, 2011 AMD AM2, AM2+, AM3, AM3+, FM1, FM2
Warranty	3 years

UPC#: 0-761345-77187-0
